| <b>Årsak er løpere som har krysset fram og tilbake over mållinja, eller stått stille mer enn 10 sek der hvor registrering skjedde</b> |    |

Timeregistreringene er tatt ut ca hver hele time, det kan avvike opptil 3-4 minutter. Registreringen viser bare hele runder (ganget med 545) på det tidspunkt resultatet ble tatt ut

12 av løperne har fått korrigert resultatet ved kontroll rett etter avsluttet løp. Alle disse korrigeringene var rundetider 10-19 sekunder...

... som skyldes vandring i målområdet eller at løper sto stille ved registreringen mer enn 10 sekunder.

**12 results is changed after control of all lap-times (22.990 in total)  
The reason for all this changes is that runners have stayed for (too) long time on the registration area (lap-times 10-19 seconds)**

**Correction have all take effect to the last Hour due to technical reason.**
